PUBLIC HEARING:

■ Public Hearing –Rockland Avenue (DEP# 213-271) Maintenance Building.

Wayne Amico, Town Engineer, and Gene Crouch appeared for the project and provided updates regarding the DEP comments. Instead of the 3x3 storm trench proposed, there will now be a Cultec trench area to accommodate the peak flow. A silt fence and sock will be installed prior to work on the site. Test pits will be performed outside the BVW 100 foot to determine the Cultec size and if it is needed. It was determined by the Commission that based on the test pits results no hearing would be required for redesign of the trench.

*Mr. Dwyer made a motion to close the public hearing, seconded by Mr. Bullis, the vote was unanimous.
Ms. Pfeifer abstained.*

*Ms. O'Connell made a motion to issue the Order of Condition, Mr. Dwyer seconded and the vote was unanimous.
Ms. Pfeifer abstained.*
