INSTALLING A SEPARATE METER

There are two options for the installation of an irrigation meter.  
The option you select is entirely up to the home owner.

The home owner is responsible to purchase the new meter and any other apparatus necessary to complete the installation compatible with the Town of Maynard's radio read meter system.

The meter can be purchased at Ti-Sales located on Hudson Road in Sudbury MA

Option 1:

DEDUCT Meter (2<sup>nd</sup> meter teed off of main meter, with sewer deducted off of second meter, will receive on bill)

- 1 Hire plumber to install the deduct meter
- 2 Remove existing meter and take to Ti-Sales to be calibrated with new meter
- 3 Purchase new meter
- 4 Have meters installed and wire into existing transponder
- 5 Call Public Works at 978-897-1317 to set up appointment for inspection
- 6 We will not recognize a second meter until it is inspected and verified

Option 2:

IRRIGATION Meter(Total separate account. Will receive 2 bills, there is a minimum usage on this account)

- 1 Hire plumber to install irrigation meter
- 2 Purchase meter and responder at Ti-Sales
- 3 Have new meter installed
- 4 Call Public Works at 978-897-1317 to set up appointment
- 5 We will not recognize second meter until it inspected and verified
