The Town of Maynard's Green Communities Committee
invites you to an
Informational Public Meeting on the
Stretch Code* for Increased Energy Efficiency

** Adoption of the Stretch Code is required for participation in the
Green Communities Grant Program*

Thursday, October 6, 2011

@ 6:30 p.m.

Maynard Public Library

AGENDA

A. Welcome and Introductions: *Kevin Sweet, Public Health
Director and Chairman, Maynard Green Communities Committee*

B. Workshop Facilitator: *Mark Price, Consultant and Resident*
Mark Price provides consulting expertise in energy efficiency, sustainability, building systems optimization, low-energy and Zero Net Energy buildings, and certification through a variety of premium Green Building rating systems such as LEED for Homes, Passive House, and the Living Building Challenge. He specializes in the analysis of design and construction practices for new and retrofit construction, with a focus on maximizing sustainable building practices, energy efficiency, building durability, comfort, occupant health and safety, and indoor air quality.

Overview: What is the Stretch Code?

What does the Stretch Code Mean to My Community?

What is the Adoption Process for the Stretch Code?

C. Question and Answer Period: *Mark Price and Members of the
Maynard Green Communities Committee*
