NEW BUSINESS

Dawn Capello reviewed the draft report with all. She stressed the items that were still needed for the report. The Acton Report model is what we will model our report after. She will provide the committee with an outline of the headings prior to the next meeting.

Jerry discussed the timeline of the report with the final draft expected March 1, 2012.

OPEN BUSINESS

Dawn discussed that a last minute site visit had taken place at 129 Parker St. A question was raised about meeting today's needs or the needs of 15 – 20 years out. The preliminary cost estimate will be based on a new facility approximately 12,000 sq. ft. and a separate cost estimate to build a gymnasium. Discussion around public/private partnership continued and the need for a school and town administrative building.
