NEW BUSINESS

Dawn summarized our status on the draft report. There are still some pieces that are missing. The committee should see the first draft in one week. We are tentatively scheduled to present to the Selectmen on April 3 and a brief presentation at Town Meeting. Pictures will be inserted.

Jerry indicated a gross per sq. ft. cost estimate is being obtained for new construction on appropriate land. The net sq. footage is 12,500.

OPEN BUSINESS

Jerry said that four parcels of land have been identified as the ideal sites for locating the Community Center. The presentation will be grid style allowing individuals to rank on their own.

A request was made that a formal inquiry be made to neighboring communities in regard to regionalization. Dawn said she would follow up with that with Town Administrator, Michael Sullivan.

Mary Brannelly followed up on a previous question regarding the mixture of Boys and Girls Club with a Town facility by stating that the Town Manager will get back to us on that.

Bill Freeman discussed obtaining a cost for an indoor pool which was requested by the Recreation Commission. Jerry will follow up on pool costs. Bill informed the committee that a licensed individual must handle the chemicals and will provide the title of what licensure is needed.
