## **Community members discuss a new plan to create housing opportunities in Maynard**

*Maynard residents and stakeholders are asked to provide input on priority policy strategies for the Town's Housing Production Plan (HPP) Update.*

MAYNARD – The Town will hold the second of two public forums for the update to the Maynard HPP on June 23<sup>rd</sup> from 6-8 PM via Zoom. Draft plan goals were presented at the first forum last year and have since been revised based on the input was gathered. The Maynard HPP Working Group has approved the following goals for the updated plan:

- **Goal 1:** Preserve and advance housing affordability for all incomes and ages to reduce the number of local cost-burdened households.
- **Goal 2:** Create diverse housing opportunities to support the Town's culture and vibrancy.
- **Goal 3:** Advance racial equity by ensuring equal access to housing opportunities for people of color.
- **Goal 4:** Adopt local zoning changes to allow for housing choices & flexible approaches to achieve housing affordability.
- **Goal 5:** Build town awareness of housing demand, issues, & activities.

Now that the plan goals have been updated, Maynard is seeking public input on draft priority policy strategies and opportunities to create more housing options in town. Join MAPC, Town of Maynard staff, the HPP Working Group, and members of the Maynard Select Board and Planning Board for a public forum on **Wednesday, June 23, from 6:00 p.m. to 8:00 p.m. online.**

This meeting will take place via Zoom, and the format of the meeting will be interactive with several ways for attendees to offer input and ideas.
