Re: Recreation Scholarships

Date: 3/31/2022

Hi Mary-

The Recreation commission is excited to provide the following to the senior class of 2022:

-2 \$500 scholarships

We would like there to be the following stipulations to these awards:

-We would like the recipients to in some way have been involved w/ Recreation in their lives. Whether that was playing a town or school sport, or is planning to study any type of recreation.

-We would like any children of the Recreation commission to be excluded from receiving these awards. Specifically, Molly Hines, Ali Roche, or Matt Walsh.

-If possible, we would really appreciate these awards going to students who otherwise would not be receiving many awards.

-We will be at the senior night, and will be happy to announce the awards.

-We would love to present the checks to the recipients at a follow up Recreation Commission meeting, so we can congratulate them in person and find out a little bit about their plans.

I believe this covers everything we discussed, but if you need more information, or if I missed anything please let me know.

Thank you very much!

Jim Hines

Chairman

Recreation Commission
